**Re: Southeast Rockford Site, Response to  
Section 104(e) Request for Information**

**Dear Ms. Bohlen:**

Enclosed you will find a complete copy of our Response to U.S. EPA's 104(e) Request for Information. The exhibits to the Response were inadvertently omitted from the previous copy you received.

If you have any questions or wish to discuss this matter further, please feel free to call.

Very truly yours,

  
Jennifer T. Nijman

**Dear Mr. Boyd:**

On December 5, 1983, Robert Munger, representative of the Illinois Environmental Protection Agency inspected your facility. The purpose of this inspection was to determine your facility's compliance with the Environmental Protection Act, Ill. Rev. Stat. 1981, Ch. 111 1/2, pars. 1001 et seq., as amended, and regulations adopted by the Illinois Pollution Control Board.

At the time of the inspection it appeared that you are a small quantity generator. Therefore, if you comply with the requirements of 35 Ill. Adm. Code 721.105, you will not otherwise be subject to regulation under 35 Ill. Adm. Code 722 through 725, 40 CFR 122 through 124, and the notification requirements of Section 3010 of RCRA. Should you in the future no longer qualify for the small quantity exemption specified in 35 Ill. Adm. Code 721.105, please be advised that you will have to comply with 35 Ill. Adm. Code 720 through 725, 40 CFR 122 through 124, and the notification requirements of Section 3010 of RCRA.

Please confirm in a letter to us, within 15 days after receipt of this letter, whether you qualify for the small quantity exemption specified in 35 Ill. Adm. Code 721.105. Please send such documentation to me at the above address, and carbon copy the U.S. EPA, Region V, RCRA Activities at 230 South Dearborn Street, Chicago; IL 60604.

Sincerely,

Robert A. Wengrow  
Manager - Rockford Field Operations

June 20, 1983

Mr. Gregory T. Zak, Manager  
Division of Land Pollution Control  
Illinois Environmental Protection Agency  
2200 Churchill Road  
Springfield, Illinois 62706

Dear Mr. Zak:

I am sending you this letter as a follow up of our telephone conversation on June 20, 1983.

As I explained to you, I have reviewed our waste manifests from 1982 and each one is labeled non-hazardous material. I, therefore, believe that we should be exempt from the hazardous waste reporting requirements. During our discussion over the telephone, you agreed with me, and requested that I send you a letter as a formal request.

I, therefore, would request that we have our name taken off the list of manufacturers of hazardous waste.

Our reference number on your June 15, 1983 letter is ILD001795699.

If you have any further questions, do not hesitate to contact me at your convenience.

Sincerely,

Roger Boyd  
Manager, Safety & Security
